FINAL RECOMMENDATIONS FOR THE PARLIAMENTARY CONSTITUENCIES IN THE PRESERVED COUNTY OF DYFED

The Commission propose to make no change to their provisional recommendations for five constituencies in the preserved county of Dyfed.

1. Provisional recommendations in respect of Dyfed were published on 5 January 2004. The Commission received eleven representations, five of which were in support of their provisional recommendations. Three of the representations objected to the inclusion of the whole of the Cynwyl Elfed electoral division within the Carmarthen West and South Pembrokeshire constituency, one objected to the name of the Carmarthen West and South Pembrokeshire constituency and one suggested the existing arrangements for the area be retained.

2. The Commission noted that, having received no representation of the kind mentioned in section 6 (2) of the Parliamentary Constituencies Act 1986, there was no statutory requirement to hold a local inquiry. The Commission further decided that in all the circumstances they would not exercise their discretion under section 6 (1) to hold an inquiry.

Final recommendations

3. The main objection to the provisional recommendations was in respect of the inclusion of the Cynwyl Elfed electoral division in the Carmarthen West and South Pembrokeshire constituency. It was argued that the division should be included in Carmarthen East and Dinefwr on the grounds that the majority of the electorate in the division fell within that constituency and that inclusion in Carmarthen East and Dinefwr rather than Carmarthen West and South Pembrokeshire would reduce the disparity between the electorates of the two constituencies and would bring them closer to the electoral quota.

4. The Commission gave these and the other representations received very careful consideration but decided to confirm their provisional recommendations. The Commission accepted that inclusion of the Cynwyl Elfed electoral division in Carmarthen East and Dinefwr would bring the electorates closer to the electoral quota and would therefore accord better with rule 5. The Commission took the view, however, that a departure from rule 5 was justified by other considerations. Inclusion of the electoral division within Carmarthen West and South Pembrokeshire would give the constituencies a much better shape: if the electoral division were included in Carmarthen East and Dinefwr, this would produce a geographical anomaly in that

Carmarthen Town would be isolated in the west from the rest of its constituency. Further, although some disruption to local ties was inevitable in either event, the Commission took the view that the overall disruption to local ties would be less if the electoral division were included in the same constituency as Carmarthen town.

5. Having carefully considered all the representations made in response to their provisional recommendations, the Commission were satisfied that those recommendations were the best way of giving effect to the Rules. Accordingly the Commission have confirmed their provisional recommendations, i.e. for no change to the Llanelli constituency and for only minor changes to the Carmarthen East and Dinefwr, Carmarthen West and South Pembrokeshire, Ceredigion and Preseli Pembrokeshire constituencies.

6. The Commission's final recommendations for the preserved county of Dyfed, which will be included in their report to be submitted to the Secretary of State at the end of the general review and which are shown on the attached map, are for five constituencies as follows (the 2003 electorates are shown in brackets):
